BOMBAY MARINE ENGINEERING WORKS PVT. LTD.

◎ SHIP BUILDERS ◎ SHIP REPAIR ◎ ENGINEERING

COMPANY INTRODUCTION

BOMBAY MARINE ENGINEERING WORKS has over *twenty-five years* experience in **Ship Building, Ship Repairs, Offshore Engineering and Heavy Engineering Works.**

A deep understanding of human resource and customer satisfaction has been the secret of the Company's success. Attracting the best talent in the Industry, developing it into an effective team and retaining it has been the philosophy at BMEW. The competitive edge comes from the basic top management attitude.

Experience in International Management at BMEW has been honed by projects in offshore and marine engineering as well as a number of shore based assignments in the Middle East and India.

We have been in the process of reactivating our establishment to carry out Ship Repairs, Ship Building and General Engineering Works from our work shop in Darukhana and working at Project sites.

Our workshop has a fabrication yard of 7000 sq. feet area fully augmented with well-equipped machineries and a team of marine engineers (Ex Navy and PSU'S) to carry out ship repair and ship building activities to the standards of IRS, ABS, L/R, GL, DNV, VV, etc. Our welders are qualified under 3G, 4G and 6G positions, approved by various Classification Societies & Admiralty Standards (for Indian Navy). All our activities carried are out with the standards of Indian Registration of Shipping, Lloyds Registration of Shipping and Indian Naval Pattern.

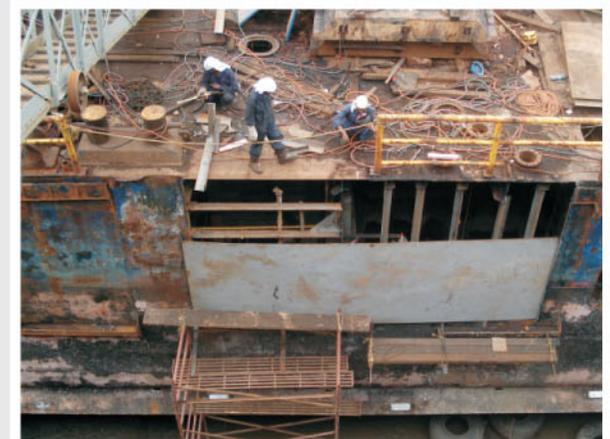

We have recently acquired a land with water front of 1020 Mtrs. to establish all our ship yard activities at Bharuch in Gujarat and are presently securing various clearances from the Government agencies. We are confident that we will commence production soon.

Our sister organizations in the Middle East, i.e **Inter Ocean Ship Repairs in Dubai, International Ship Repairs in Fujairah and EPC Emirates in Dubai** are operating successfully with a workforce of over 1600 people.

SERVICES

- Steel renewals
- Pipe renewals
- Overhaul of valves & dresser couplings and PV valves.
- Overhaul of E/R Machinery-Main & Auxiliary Engines, Pumps & Compressors.
- Overhaul of Deck Machinery – Windlass, Winches, Derricks, Cranes, Capstan, Hydraulic Systems etc.
- Electrical Buildings – Overhaul & Rewinding of motors, alternators, switchboards, etc.
- Cargo pumps
- Labour and equipment hire.
- Spare parts supply
- Tank cleaning/coating jobs
- Renewal of Cathodic protection system
- Removal & building of rudders & rudder stock.
- Removal & building of propellers and propeller shafts

SECTORS

© SHIP REPAIRS

© SHIP BUILDING

© INDUSTRIAL SERVICES

WE ARE AN ISO 9001-2000 CERTIFIED COMPANY AND REGISTERED WITH VARIOUS PSU'S.

SHIP REPAIRS

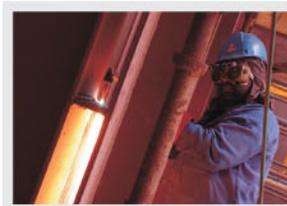

Ship repairs has been our core activity over the years and we are successfully able to maintain our market leadership, specially, when it comes to larger quantity of steel renewal, under approved classification societies, in the shortest duration – selected few are able to match our abilities.

We also have done sizeable number of main & auxiliary engines, propulsion machinery repair work with large degree of success, apart also a few thousand kilometers of pipe line fabrication and erection of various sizes which is also our specialty.

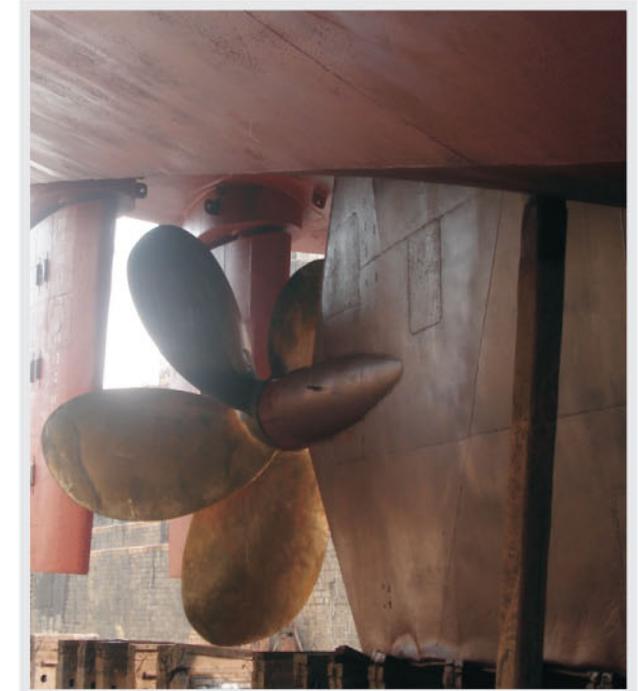

Within the Dubai Ship Docking Yard facilities – where we are located; our share, of turn key repairs to various types of vessel docked, is almost the largest. Typical dry dock work includes hull treatment, steel & pipe renewal as required, overhaul of propulsion & rudder system components, machinery reconditioning work, electrical / Hyd. Aircon ventilation, carpentry, flooring refurbishment and other allied work which are all performed with in-house abilities and facilities.

SHIP REPAIR ACTIVITIES

- Main engine and auxiliary engines
- INSITU grinding and line boring of engine blocks and crankshafts
- All pumps, valves, manifolds and pipelines
- Manufacturing of flanges to various specifications, sleeves, bulkhead glands, deck head glands, fabrication of seats, valve parts etc.
- Hydraulic, pneumatic, salt water, fresh water piping systems

- All the deck machinery, stern gear and steering gear
- All steel fabrication of hull, bulkheads, internal, water-tight doors, portholes, gooseneck etc.

- Accommodation work, galley work etc.
- Anchor chain, windlass, winches, derrick, davits and blocks etc.
- All survey items, periodical and continuous survey
- Offshore fabrication, piping and engineering work

SHIP BUILDING

We have inherited new ship construction abilities from our past experience in the Indian continent then operating from Mumbai with the name Bombay Marine Engineering Works Pvt. Ltd. - who incidentally are regarded as one of the pioneer to initiate new ship construction under private sector enterprise, during early 60's

Incidentally, we have not been so far able to exercise our new construction abilities to our full potential as Interocean – ship Building may be to some extent on account of our geographical / market constraints.

We are always on the look out for any avenue wherein we can add up to our score of new ship builds.

SHIP BUILDING ACTIVITIES

The company has been associated with Ship Building of various features such as Supply Vessel, Tug Boats, Offshore structures Coastal Vessels and Barges.

INDUSTRIAL PROJECTS

Being in this industry from 1960's we have mastered the skills of construction and execution of mega projects related to Oil & Gas refinery and petrochemicals.

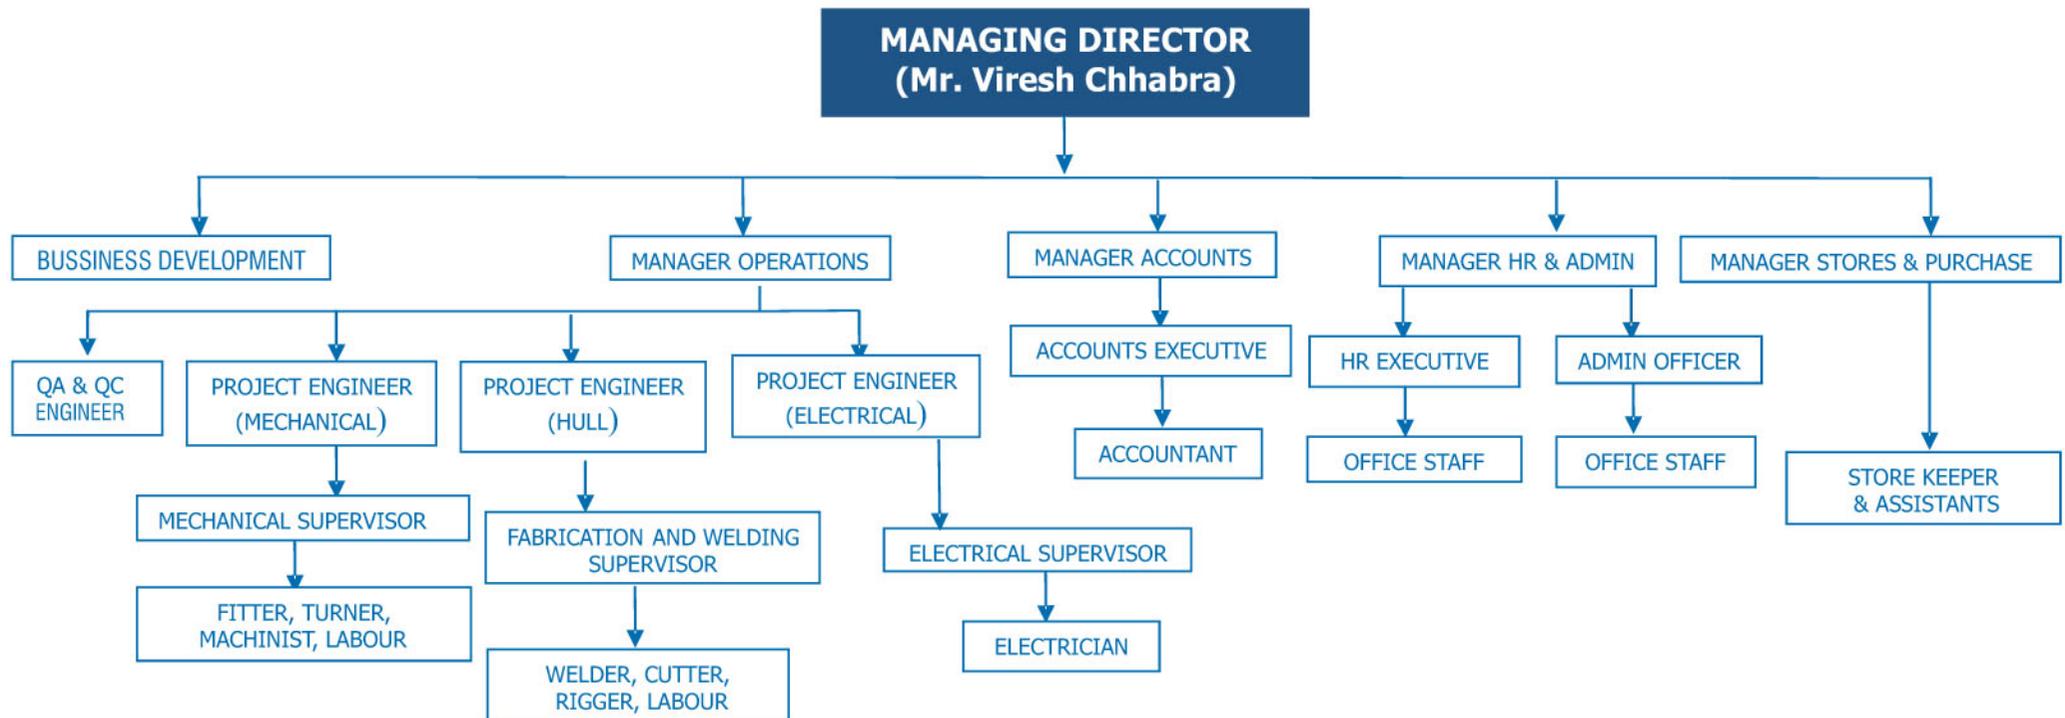

Our infrastructure consists of workshop, machinery and a team of professional workforce of our special engineers.

BMEW offers Turnkey projects, Logistics solutions for customers operating and working in the energy and power sectors.

BMEW is now expanding its activities to ensure that it is the company of choice across the region and open to all Major EPC contracts as well as Govt., Public and Private Sector units.

QUALITY POLICY

We Bombay Marine Engineering Works Pvt. Ltd., Are Committed To Customer Satisfaction Through:

- **Competitive Pricing**
- **Quality Assurance**
- **Timely Completion Of The Project**

We Believe That Quality Is A “moving Target” – Hence, We Aim At Constant Improvement In Our Services. This Is Achieved By:

- **Imparting Necessary Training To Our Operatives & Staff.**
- **Ensuring Competency At All Levels.**
- **Operation & Maintenance Of Equipment & Machinery Periodically.**

This Process Of On-going Improvements Coupled With Quality Improvement Objectives, International Standards Shall Be Our Chosen Direction Towards The Fulfillment Of Our Objectives.

SAFETY POLICY

The management of Bombay Marine Engineering Works Pvt. Ltd. is of firm belief that creation of safe and healthy working conditions at all the work place undertaken by Bombay Marine Engineering Works Pvt. Ltd., is as important as quality, cost and other aspects of related activities. Bombay Marine Engineering Works believes that prevention of danger to life and limbs of its employee starts with planning and is maintained by co-coordinated efforts by people at all levels.

The objective of the unit is to strive for a zero accident frequency rate progressively.

The ultimate aim of all safety activities is to prevent loss of all resources. This will entail adoption of all known and proven safety techniques and expertise. Safety in final evaluation is closely related to "attitude". To develop and sustain safe work practice, adequate attention will be given to the contributing factors towards accidents and ill health. The management will encourage the supplemented activities such as first aid, fire prevention & protection and artificial respiration.

Safety and health matters are responsibilities of all concerned. Hence each individual from the top to down to the workman shall be held responsible for this purpose, commensurate with his level and authority.

In the attainment of the objective herein stated, the standards prescribed under various laws,

rules and regulations, codes of practices, prepared by National Institutes or Organizations will be complied with.

We believe that all accidents are preventable and all identified risks are containable. This has been our guiding principle for many years. The company will try to improve on minimum statutory requirements. Our responsibility and concern of our employees and our customers does not end where statute does.

We have a responsibility to know potential hazards and to tell other about them as needed. Whether we discover a hazard before or after the accident, we have the responsibility to tell the fact to our employees.

Safety audit is necessary for an effective health and safety programme. Auditing is simply good management and not faultfinding functions.

Every employee is expected to adhere to the spirit as well as the letter of this policy.

 Fax No +91(022) 22026333 / 6576.

Dear Sirs,

Sub: Vendor Registration.

Please refer to your application-dated 31.12.2007 for Registration with M/s Mazagon Dock Limited.

2. We are pleased to inform you that on the basis of documents/information furnished by you in the application form, it has been decided to register your firm as an approved vendor with effect from the date of issue of this letter for the items indicated below for a period up to 09th January, 2011.

Service Sub-Contractor for Piping on Ships under Construction/Repairs, Ship Repair Hull, Installation of Engine Room Platform, Doors, Hatches, Manholes, Deck Fittings, E..G.. Bollards & Fairleads.

3. You may approach us at least 90 days prior to expiry of the registration for renewal. Form for renewal of registration may be downloaded from MDL website www.mdindia.com. Please note that it shall be your responsibility to obtain/initiate formalities for revalidation of the registration.

4. The Registration Number allotted to you is GM(M)/VR&R/VS/02/08/13053. This number should be quoted on all future correspondence with MDL.

5. You may keep visiting our website www.mdindia.com for quoting against our web tender.

- 2 -

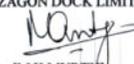

6. You are required to intimate to us changes, if any, in postal address, in the constitution of working of your firm, machinery, during the currency of registration, along with supporting documents for change of address.

7. The registration is subject to review on the basis of evaluation of your performance against orders placed on you. Kindly note that deletion of vendor's name from the list of registered vendors may be ordered by competent authority without any liability – financial / or otherwise on our part, in the event of occurrence of any of the following:

- If a firm fails to adhere to any/all terms and conditions of tender enquiry.
- If a firm fail to execute a contract or fails to execute it satisfactorily against the specifications/drawings.
- If a firm is declared bankrupt or insolvent or its financial position has become unsound, and in case of limited company, it is wound up or taken into liquidation.
- If a firm no longer has the technical staff or equipment considered necessary.
- If the composite vendor rating falls below 40%.
- Rejection cases where the firm is at fault in supplying substandard material and fails to replace the rejected material within reasonable period.
- Failure to quote in response to invitation to tender on three successive occasions.
- Rendering of false information or concealing factual information in the application for registration or quotation.
- Banned or De-barred by other Government agencies.
- Any other grounds which in the opinion of competent authority, render retention undesirable in public interest.

The registration shall not bind Mazagon Dock Limited to give you any priority or preference in placement of purchase orders or assured business.

Thanking you,

Yours faithfully,
 For MAZAGON DOCK LIMITED

M/S BOMBAY MARINE ENGINEERING WORKS PVT. LTD.,
307, Regent Chambers Nariman Point,
M.U.M.B.A.I – 400 021. **VENDOR Code No. :SE538**

Dear Sirs,
Sub: Enlistment as approved CONTRACTOR with HSL
Ref: 1.Your Application BMEW/HSLU07-08/187, Dt.06-12-2007

With reference to above application we are pleased to inform you that your firm's name is enlisted with HSL as approved CONTRACTOR for WORKS indicated hereunder up to a value of Rupees 10,00,00,000 (Ten Crores) only:

1. Ship Repairs, Fabrication
2. Piping Works 3. Structural Works

You have been allotted a Vendor Code No., SE538 and it shall be referred in all your future quotations and correspondence with HSL.

This enlistment is valid for a period of **THREE YEARS** and is subject to the conditions under which the Vendor Registration has been submitted and accepted, a satisfactory vendor annual performance report from HSL Purchase Department and to the following conditions:

1. Limited Tenders will be issued for procurement of items / works when required by this yard and HSL are not obliged to send enquiries every time to all enlisted vendors. You may also check HSL website www.hsl.nic.in for our requirements.
2. This enlistment does not guarantee any award of contract / purchase order or any priority / preference during the transaction of business unless provided under the extant rules
3. As Registered Vendor with HSL you will be allowed EMD exemption. It will apply only to items & value up to which bidders are registered with HSL. To qualify for EMD exemption, firms should necessarily submit VALID copy of the Registration Certificate along with the list of items / services for which they are registered, as issued by HSL, in Part – I Technical bid / offer. However payment of Tender Fee will have to be paid as stipulated in the tender.
4. **GROUND FOR CANCELLATION OF REGISTRATION**
The registered vendors are liable to be removed from the approved list of vendors, when the Firm / Company represented by their authorized representatives:
 - a) Fails to abide by the terms and conditions under which the registration has been granted and for failure to inform HSL of any change in their status such that they no longer meet the registration qualification criteria.

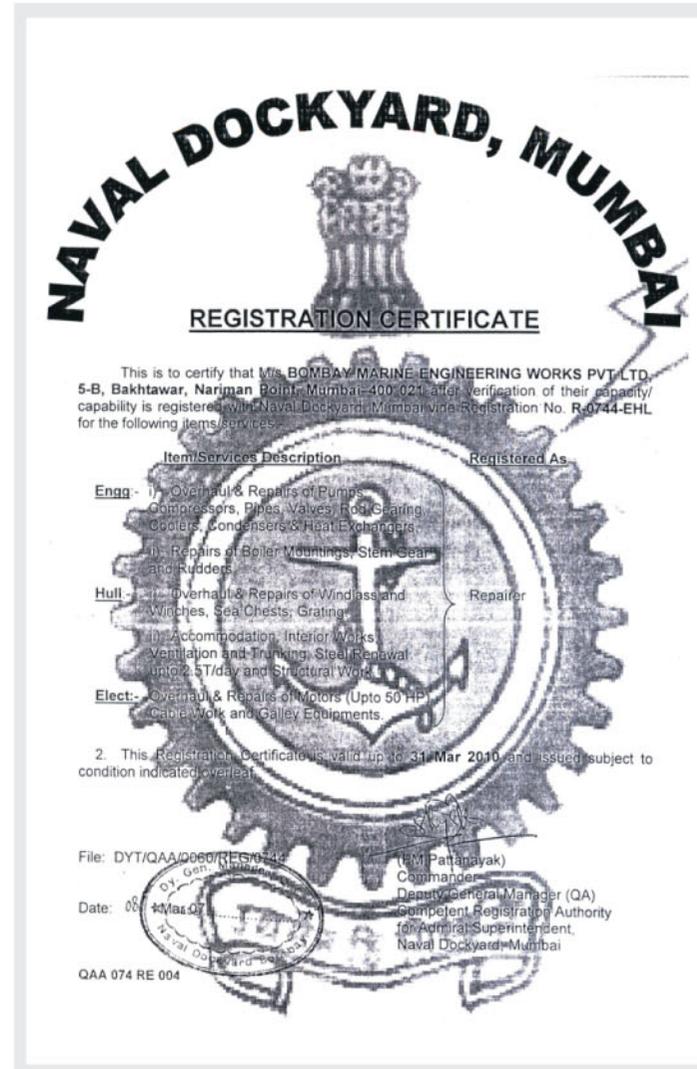

VENDOR CODE SE538

- b) Makes any false or misleading information / declaration and knowingly sent copies of forged documents which got detected at a later date,
- c) Supplied stores of inferior quality,
- d) Rendered services of inferior quality than the contracted ones,
- e) Failed to execute a contract or failed to execute it satisfactorily,
- f) Is declared bankrupt or insolvent,
- g) Failed to submit the required documents / information for renewal of registration, where required,
- h) Is barred / black listed by Government Agencies / Statutory bodies, other Shipbuilding Yards, PSUs and with whom commercial transactions have been suspended for sufficient and justifiable reasons.
- i) Is having same Promoters / Directors/ Partners as the barred / blacklisted Company /any other firm / company as at 'h' above for the duration for which the barring / blacklisting of sister concern persists.
- j) Had fraudulently dealt with the company for pecuniary gains or had connived with any one for mutual benefit.
- k) Had knowingly colluded to defeat competition with the aim of deriving undeserved profit or gain from doing business with HSL.
- l) Failed to observe tendering instructions
- m) Failed to submit an offer or a regret letter assigning reasons in response to HSL's Enquiry
- n) Any other ground which, in the opinion of the Registering Authority, the retention of the vendor's name in the list of registered vendors is not in the interest of the company.
5. Any change in address of the Office / Factory / Telephone / Fax Numbers etc., or any time sensitive information resulting in change of status etc., of the Vendor should be promptly informed to the Dy.General Manager (Purchase & Materials), Hindustan Shipyards Ltd., Gandhigram P.O., Visakhapatnam 530005 – Fax 0891-2577502
6. This registration unless cancelled is valid for the period mentioned above. Application for Renewal of Registration is to be submitted 3 months before the expiry date.
7. HSL reserves the right to review and cancel this enlistment at any time without assigning any reason whatsoever and without any liability on the part of HSL
8. Acknowledgement of receipt of this letter is agreement / acceptance of the same.

Thank you,

Yours faithfully,
